<b>VIN</b>	A VIN must be provided for every truck in the list.
<b>EFN</b>	You only need to provide the EFN for 2007 model year trucks with 2007 model year engines and 2004 trucks with 2004 model year engines. If the EFN is not provided the Ports will assume the engine for these trucks is from the previous year (2006 or 2003) and will issue a sticker that will expire more quickly.
<b>Engine Model Year</b>	This field will be automatically completed when the EFN is provided. Trucks that do not require an EFN (see above) do not need to provide the Engine Model Year.
<b>Port Served</b>	Note which port(s) the truck serves. All information is subject to audit.
