MODIFICATIONS TO THE DRAFT SEIS/SEIR

This section of the document addresses modifications to the May 2008 Draft Supplemental Environmental Impact Statement/Subsequent Environmental Impact Report (SEIS/SEIR) for the Proposed Pacific Los Angeles Marine Terminal Crude Oil Marine Terminal, Tank Farm Facilities, and Pipelines Project (proposed Project) at the Port of Los Angeles (Port). It presents all revisions related to public comments, as determined necessary by the applicants, for the Introduction, Project Description, and Environmental Analyses. Any revisions to supporting documentation such as the references, list of preparers, acronyms and abbreviations, and appendices are also presented. The numbering format from the Draft SEIS/SEIR is maintained in the sections presented here, although sections are reduced in size if they have few revisions. Also, only sections that had revisions based on the public comments are included; sections that had no revisions are not included. Readers are referred to the May 2008 Draft SEIS/SEIR to view complete sections.
