or

http://www.portoflosangeles.org/idx_environment.asp

Project Name: Berths 121-131 [Yang Ming] Container Terminal Redevelopment Project

Corps File No.: SPL-2013-00810-TS

Waterbody: Los Angeles Harbor, Port of Los Angeles

City: Los Angeles

County: Los Angeles

Mailing Lists: General, Coastal, Los Angeles County, Port of Los Angeles, Port of Long Beach

45-day Comment Period: April 11, 2014 through May 25, 2014

Scoping Meeting: May 8, 2014

The Corps Regulatory Division is soliciting comments from the public, Federal, state, and local agencies and officials, American Indian tribes, and other interested parties for consideration and evaluation of the impacts of this proposed activity. Instructions for commenting on the Public Notice and scoping meeting details are available at the above link.

The Corps Regulatory Program evaluates permit applications for most construction activities that occur in the nation's lakes, rivers, streams, oceans, and wetlands. Written comments received during the public review period will be considered by the Corps and will become part of the administrative record for the decision.

You may contact Theresa Stevens, Ph.D., Senior Project Manager at 805-585-2146 or via email at theresa.stevens@usace.army.mil with any questions or comments regarding this matter. For information on how to comment on this proposed action, please see the Special Public Notice.

Regulatory Program Goals:

- To provide strong protection of the nation's aquatic environment, including wetlands.
- To ensure the Corps provides the regulated public with fair and reasonable decisions.
- To enhance the efficiency of the Corps' administration of its regulatory program.
