### PORT OF LOS ANGELES RED CAR REVIVAL!

**SAN PEDRO, CA** – On Saturday, July 19 at 10 a.m., the Port of Los Angeles will host the Red Car Revival! to introduce the highly-anticipated operation of its Waterfront Red Car Line, a 1.5-mile long rail route linking attractions along the enchanting San Pedro waterfront.

Fashioned in 1920s style and charm, the Red Car Revival! will take place at Red Car Station 2, located at 6<sup>th</sup> Street and Harbor Boulevard. This free event will feature music, entertainment and keepsakes reminiscent of the era. Free Red Car rides will be available to the public all day.

This unique event will introduce a fully-restored, original 1911 Pacific Electric Red Car along with one breathtakingly identical Red Car replica. A group of Port of Los Angeles craftsmen manufactured and refurbished the cars in-house.

Utilizing a historic Pacific Electric route, this event marks the first time in more than 40 years that Red Cars have run anywhere in Los Angeles.

Bring your children, parents and grandparents . . . this event is guaranteed to be “the cat’s pajamas!” For more information about the Red Car Revival!, please call the Port of Los Angeles special events line at (310) 732-3473 or visit [www.portoflosangeles.org](http://www.portoflosangeles.org).
