After 5:00 p.m.:

310/732-3500

SAN PEDRO, Calif. – Your tall ship adventure is only a click away at www.tallshipsLA.com. Whether you're bringing the family to enjoy the festivities, volunteering time or exploring vendor opportunities, www.tallshipsLA.com is a hands-on point of reference for the Port of Los Angeles TallShips®LA festival, August 11-14.

TallShips®LA is a four-day maritime festival featuring more than 15 international tall ships. The event is co-hosted by the Los Angeles Maritime Institute and the Port of Los Angeles as part of the American Sail Training Association Pacific Coast 2005 Tall Ships Challenge® Series.

The website offers photos, historical and background information, features on the participating majestic tall ships, schedule of events, maps, and a user-friendly option to purchase day sail tickets. Additionally, the website offers food vendors, business groups, associations and volunteers an opportunity to join in the fun with information and downloadable applications readily available online.

The Port of Los Angeles is America's premier port. As the leading containerport in the nation and a critical hub in the international supply chain, the Port generates thousands of stable, well paying jobs. It has also placed a high priority on smart growth initiatives combined with high security, environmental stewardship and community outreach. The Port of Los Angeles is a proprietary, self-supporting department of the City of Los Angeles. The Port of Los Angeles. . . Anchoring a bright future.
